Professional Experience

Mar 2024 – Present

Associate Software Quality Assurance Engineer

Fagginapps Pvt Ltd (to be rebranded as Neura IT Pvt Ltd, registration pending)

- Performed functional, regression, and integration testing, ensuring system reliability and performance across multiple platforms.
- Created and executed detailed test cases, logged and tracked bugs, and collaborated with developers to resolve issues effectively.
- Conducted API testing using Postman and validated cross-browser and responsive behavior for web applications.
- Reported UI/UX issues and suggested improvements to enhance overall user experience and customer satisfaction.
- Took on leadership responsibilities as Scrum Master, coordinating agile ceremonies, managing sprint planning, and ensuring timely delivery of QA tasks.

Sep 2023 – Mar 2024

Intern - Software Quality Assurance Engineer

Fagginapps Pvt Ltd (to be rebranded as Neura IT Pvt Ltd, registration pending)

- Created and executed detailed test cases, reported bugs, and performed manual testing across web and mobile platforms while self-learning JUnit for test automation fundamentals.
- Assisted in QA documentation, requirement analysis, and validated survey/data collection workflows to ensure usability and accuracy.
